### WHAT EXACTLY IS A TAG/ESTATE SALE?

The term "Tag Sale/Estate Sale" generally refers to the sale of personal property, i.e. furniture, appliances, china, books, linens, etc. It differs from a garage sale in that it involves the entire or part of the contents of a household and is held inside the home.

Such a sale may be needed after a loved one has passed away, moving, downsizing or other lifestyle changes. In such emotional & stressful circumstances, we know how difficult it can be to sort out the entire contents of a home often accumulated over the course of a lifetime. It can be even more daunting to decide what to do with everything else after the family has removed items of sentimental value. The least stressful alternative is to call in a Tag Sale/Estate Sale team. We are here to help during such times.

## HOW DO WE GET STARTED?

We know that each sale is unique. You tell us what you want to accomplish and that becomes our goal. We carefully consider your goals, what you've decided to sell and the market for your merchandise. We also study the physical arrangement of your home & property to determine how best to showcase the estate. After meeting with you, we formulate a sales plan that will most effectively accomplish those goals.

## HOW DO YOU KNOW WHAT PRICES TO CHARGE?

Encompassing over 25 years of experience, our team has expertise in a number of fields including but no limited to:

- Antique, Modern & Contemporary Furnishings
- Pottery, Porcelain & Glassware, Fine China
- Books & Comic books, Manuscripts
- Gold, Silver, Coins, Sterling, Trains, old Toys
- Paintings & Prints, Military Items,
- General Household Goods, Cars , Boats
- Clothes, Furs, Shoes, Handbags

If there is an item in your estate that we do not have experience with, we have the tools at our disposal to price it accurately.

## HOW DO YOU GET BUYERS TO ATTEND MY SALE?

In addition to newspaper advertisements, we post photos & descriptions on our website, we send weekly e-mails to our subscribers. We also advertise your sale at our other sales prior to your scheduled date.

## WHAT SHOULD I THROW AWAY & WHAT SHOULD I KEEP?

We always advise clients not to throw anything away until they've met with us. Heed the old adage that "one man's trash is another man's treasure."

Dealing with professionals relieves much of the stress associated with liquidating an estate.
